

DELL™ E1709W

17-INCH WIDESCREEN FLAT PANEL MONITOR

EXCELLENT PRODUCTIVITY AT GREAT VALUE

Help maximize your display investment with the excellent quality and reliability of Dell™ E1709W in a brand new ID.

Offering a 1440 x 900 widescreen resolution, the wide viewable image size of the E1709W will help you enhance efficiency and productivity by enabling the running and display of multiple programs in one single wide screen without the hassle of incessant scrolling. Apart from offering 64% more content area as compared to the Dell E157FP¹, Dell E1709W also renders you a fast refresh rate and a wide viewing angle.

Dell E1709W helps lower operational cost and environmental impact by reducing up to 66%² energy consumption as compared to traditional CRTs. Its slim design also helps you reduce desktop clutter and helps maximize your desk space. Boasting an intelligent blend of functionality and usability, the lean design of this sleek and stylish display goes extremely well with most desktops and will fit perfectly into most office environments.

Intuitive and user-friendly features such as wall-mounting capabilities (wall-mount equipment sold separately) and panel tilt with support of 4° forward and 21° backward presents an added edge of versatility that will help give you the optimum visual experience you need to be at your best. Cleverly bundled with convenient built-in features, this chic display is the ideal solution for you as you seek an upgrade from the 15" standard flat panels or traditional CRT monitors.

Get the maximum value you deserve. See More, Do More with Dell.

OUTSTANDING FRONT-OF-SCREEN PERFORMANCE AND EASY CONNECTIVITY

- 1440 x 900 resolution provides spacious content area to help reduce scrolling up/down or left/right.
- 600:1 (typical) contrast ratio enables vivid color detail and great color accuracy.
- 8ms (typical) response time allows display of crisp images in fast motion video such as gaming or video editing.
- 250cd/m² (typical) brightness renders outstanding performance while viewing motion video.
- Video Graphics Array (VGA) connectivity helps ensure compatibility with most computing systems.

DESIGNED FOR COMFORT AND CONVENIENCE

- Slim black bezel fits into most office environments and desktops.
- Easy panel detachment from stand with wall-mounting capabilities (VESA standard 100mm, wall-mount sold separately).
- Panel tilt support (forward and back) designed to enable maximum comfort.

ASSET MANAGEMENT CAPABLE

- Enables remote access, management & control of displays via Dell™ enterprise management console.
 - ✓ Remotely retrieve EDID information such as model, serial number, display setup & others for asset tracking.
 - ✓ Remote power off mode.
 - ✓ Remotely restore factory default setting. Options include default all, color default, and luminance/contrast default.
 - ✓ Remote control of luminance and contrast.

Note: You can use the Dell Client Manager 3.0 on your Dell monitor for asset management. Dell Client Manager 3.0 is expected to be available in October 2008.

Why Dell Monitors?

TECHNOLOGY LEADERSHIP

Dell constantly strives to provide the greatest and latest in display innovations, bringing relevant, customer-driven technology to you for an excellent viewing experience.

UNCOMPROMISING VALUE

Dell monitors are designed to exacting standards and manufactured by the world's foremost suppliers, consistently delivering outstanding performance, quality and reliability.

WORLD CLASS SERVICE & SUPPORT

Enjoy the exceptional service and support that you have come to expect from the Dell brand. We provide accountability, a single point of contact and the peace of mind of purchasing from a stable and reliable technology partner.

ENERGY EFFICIENCY

As an Energy Star®-compliant partner, Dell offers flat panel monitors that are designed to reduce power requirements which can result in energy savings without sacrificing performance.

ENVIRONMENTALLY-PREFERABLE MATERIALS

Dell proactively eliminates environmentally sensitive substances from our products wherever there are viable alternatives and we design products that are easily recyclable.

RECYCLING

Dell recommends that customers dispose of their used computer hardware, including monitors, in an environmentally sound manner. Potential methods include reuse of parts or whole products and recycling of product, components and/or materials. For more information, please visit http://dell.com/recycling_programs and www.dell.com/environment
