

Introducing Dell™ Vostro™

Not just a PC, but a commitment to doing more for your Small Business.

Vostro notebook and desktop systems are built exclusively for small business and are ready to be customized with the features and software that you want for your small business. Dell understands your needs and provides you with end-to-end solutions made of customized systems, comprehensive services and the expertise and insight you require to help keep your technology working hard for you.

Services for Small Business

Vostro comes with Dell's **most comprehensive standard services for small businesses**, including dedicated small business trained technicians, available 24x7x365.

Easy-to-use tools to automate system setup, maintenance and performance optimization come standard on every Vostro system.

Use **Dell Network Assistant** to connect, monitor, troubleshoot and repair your simple wired or wireless network in a mere matter of clicks.

Use our remote service **DellConnect™** to allow a small business support specialist to access your PC and diagnose and repair most issues.

Help protect your valuable data from accidental deletions, hard drive failures and other disasters with **Dell DataSafe™ Online Data Backup**. (Standard 1-year, up to 10GB)

Add **Dell on Call¹ Phone Support Service** for fast, friendly and affordable phone support for many issues not covered under your limited warranty².

Solutions to Fit Your Needs

Vostro desktops are designed to give your business a powerful and sophisticated look while delivering the performance that you need.

Vostro desktops are part of a complete solution of hardware, services and software that small business users want.

Secure, Scalable and Built Exclusively for Small Business

No unwanted trialware - fitted only with the software you want

Easily accessible USB ports and microphone and headphone jacks

Dual hard drive support in both Mini Tower and Slim Tower form factors

Productivity enhancing **dual-monitor viewing** and **widescreen** capabilities

Built-in convenience with more slots, bays and ports compared to previous Dell small business desktops
